# GENERAL PRICING & ORDER INFORMATION

PALLETS (Non-Returnable).....	\$	Each
ALL RETURNS (Prior Approval Required)		
A. Restocking Charge.....	20%	
B. Trucking Charge.....		Amount Based on Location

All dimensions quoted in these specifications are nominal and are for guidance only. Actual sizes and weights will vary, particularly on the products designed to replicate natural stone which have features such as riven profiles and fettled edges. The sizes and quantities provided on these pages usually allow a nominal 5mm or more of sand joint width.

*NOTE: 1 sq. ft. of 2 3/8 in. thick pavingstones equals approx. 27 lbs. Example: 100 sq. ft. / one cube = 2,700 lbs.*

**ATTENTION: UPON NOTIFICATION THAT AN ORDER IS READY, CUSTOMER HAS 10 DAYS TO PICK-UP. DISTRIBUTOR'S CONTRACTORS ARE NOT PERMITTED TO PICK UP AT CAMBRIDGE. THIS IMPROVES YARD LOADING AND DELIVERY TIMES FOR ALL CAMBRIDGE CUSTOMERS. THANK YOU FOR UNDERSTANDING.**

## SPECIAL ORDERS

**PAVERS:** Payment is required prior to manufacturing. Minimum order quantity will be required. All overage material must be purchased.

**OUTDOOR LIVING KITS:** See below for the policy regarding Special Order quotes.

» **QUOTES:**

- A Quote for Special Order product will be provided within 2 business days (4 days for Pergolas) of the receipt of all required detail to accurately identify the requested product.
- There is a \$150.00 charge for the processing of a Special Order quote. Product will be quoted upon receipt of a Purchase Order in the amount of \$150.00, which will be invoiced immediately.
- Should you purchase the Special Order product, *Cambridge will credit \$150.00 to the invoiced amount upon receipt of a written order and pre-payment for the quoted product.*
- Quotes are valid for 60 days.

» **TERMS:** Special Order products are provided based on customer specifications and are not returnable. Payment in full is required for the manufacturing process to proceed.

» **LEAD TIME:** Will be provided at the time of quoting.

## MANUFACTURING BY LOCATION, TRANSFERRING OF MATERIAL & TRUCKING

We continue to manufacture certain products in specific locations only (**Lyndhurst**, **South Amboy**, or **Lakewood**). For distributors where we arrange all trucking- we will provide you with three different trucking rates from each of our locations to your yard so you can price all products accordingly. We provide this detail on page 3. For distributors that arrange their own trucking or pick up, you will be instructed what products will be available at each location. *We will not transfer products from one location to another* (this includes split loads to yards/jobsites). This will streamline our operations and maximize the supply of our pavers and walls so we can better service you.

## ORDERING COYOTE "CUSTOM ORDER ONLY" PRODUCTS

**NOTE:** Coyote products designated as "Custom Order Only" are not in our inventory. To ensure that items are available on a timely basis, a single order will be placed weekly. Custom Orders must be received by 11:00 AM on Wednesday. The product ordered will be available the following Friday at Cambridge unless otherwise specified at the time of order placement.

**MAILBOX CARE & MAINTENANCE:** Many mailbox installations are in areas that expose the mailbox to road salt from snow/ice removal. This can be very damaging to the painted metal surface. Also, locations near the ocean expose the surface to highly corrosive salt air, as well as acid rain, and smog will also damage the painted surface. A periodic cleaning of the painted surface of your mailbox with a mild detergent, water and soft brush will help keep your mailbox looking like new. In addition, a clear spray (no buff) car wax can help protect the painted finish. This process is recommended 2-3 times a year if possible. This quick maintenance will help your mailbox last for many years to come. Rust, corrosion, wear, and tear are not covered under warranty.

# CAST STONE COLUMN CAPS

Caps are available in two dimensions (24" x 24" and 26" x 26") in Bluestone or Chestnut. On an Olde English Wall Column, a 24" x 24" cap will provide a 2" reveal while a 3" reveal will be achieved with a 26" x 26" cap. On a Cambridge Pre-Packaged Column Kit, a 24" x 24" cap will provide a 1" reveal and a 26" x 26" cap will give a 2" reveal.

## COYOTE ASADO COOKER

Designed for outdoor cooking enthusiasts who appreciate the flavor of charcoal grilling, the Asado Cooker from Coyote can grill, smoke or sear with ease. This grill is constructed from high grade ceramics which offer excellent heat retention, allowing you to cook at consistent temperatures for hours on end. The Asado grill offers 254 square inches of cooking area on a stainless steel grate. A dual-vent airflow system allows for precise control of cooking temperatures that can range from a smoking low, to a steak-searing high, maintaining temperatures for hours and requiring less fire tending than traditional smokers. The Coyote Asado Cooker includes an integrated thermometer, easy lifting wood handle, as well as optional stainless steel cart with heavy-duty casters with two folding wood side shelves.

### CAMBRIDGE PEDESTAL SYSTEMS

The foundation of any stable deck assembly, the Pedestal System is engineered to provide durable and cost effective support for elevated surfaces which may be made of pressed concrete pavers, durable wood, or metal grates. Our pedestals can accommodate many deck and flooring options. These adjustable pedestals can be used to create aesthetically pleasing pedestrian areas such as, plazas, recreational areas on rooftops, and sidewalks at a relatively lower weight and cost than most other solutions.

These polypropylene pedestals are lightweight and reusable, and they exhibit a proven record for durability. They are designed to ensure noise reduction and excellent drainage. Also, the integrated spacing tabs ensure consistent and proper joint spacing, while the broad octagon base provides great stability.

Telescoping pedestals, facilitate ease of inspection and access to areas below the pedestrian surface to enable repairs at far lower costs than other pedestal systems. Generally, these pedestals are effective at lowering costs in many capacities. Please Call us for complete information on the advantages of using the Pedestal System.

LOAD BEARING	1250 pounds
COMPOSITION	Polypropylene (recycled)
COLOR	Black
BIO-CHEMICAL RESISTANCE	Unaffected by molds and algae and excellent resistance to alkali/bitumen
